

Neumeister Bar-Am

Aaron Graham

Born in New York, NY, 1990 – lives and works in Brooklyn

Aaron Graham's practice evolves through a question of materiality intrinsically linked to the digital age. Through experimentation online, with projectors, through creative commons licenses, freely distributed works, projections and other ephemeral media he arrives at a very reduced number of formal painting, drawing and sculptural reductions that seem at once organic and skewed by the digital.

Education

2013 BFA, The Cooper Union, New York, NY
